WE WORK TIRELESSLY TO IMPROVE THE QUALITY TO EXCEED THE INTERNATIONAL STANDARDS.

HI-TECH TOOLS {INDIA}

MANUFACTURING HIGH PRECISE PRESS TOOLS, PRECISION SHEET METAL PARTS & AUTO-STACK STAMPING WITH SKEW
An aside:
HI-TECH TOOLS, was established in 1993, specializes in precise sheet metal parts for electronics and electro-mechanical industrial sectors. This was proprietorship firm conceptualized by Mr. Sunil D. Kurlekar. Initially the total workable area was 1000 sq ft, wherein maximum development was done in the field of tool designing. Making tremendous changes in our tool designs and making new improvements was our key to success. In view of the changing markets & innovation in the industry and to cater the requirements of our esteemed clients a new factory was established in Vasai, which has an area of 5000 sq ft, is our current manufacturing unit. Today Because of our continuos hard work and dedication, this company is capable of handling many high speed presses & CNC machines. We have 90% In-house facility for our work and our tool room is the Backbone of our company. As of today the company is a Partnership firm since 2012, & the name of our company is changed to HI-TECH TOOLS (INDIA). Mr.Sunil D. Kurlekar and Mr.Swapnil S. Kurlekar (son) are the two partners of the company.

Team work and dedication helps us lead our way. Involvement with our clients from conception to design and through prototype to finished product, thus ensuring effective solutions achieved to maximum quality and cost effectiveness of the finished product. Our future projects, god willing will exceed the International standards for the years to come...

INTEGRITY, QUALITY, VALUE & SPEED, are our Aggressive Partner For Success!

OUR ASSETS:
List Of Machinery in Our Tool Room.
Agie Charmillies 240 cc and cut 300 Wire Cut Machine.(Swiss Made)
Cheviliar Surface Grinder NC Controlled 400 x 800 Size.
Center Leth. Colchester.
2 Jones shipman Surface Grinder 200 x 400 Size.
Praga surface Grinder.
Universal Milling Machine.
Drill Machine Thakur.
MITUTOYO Vision Measuring System.

LIST OF IN HOUSE MACHINERY:
Fair Oaks 45 Ton - 200 to 800 SPM.
2 Fair Oaks 80 Ton – 200 to 700 SPM.
Seyi 50 Ton – 200 to 700 SPM.
2 Seyi 35 Ton – 200 to 700 SPM.
Seyi 25 Ton – 200 to 700 SPM.
Ameetep 63 Ton.
Rohdes 63 Ton.
2 Godrej 10 Ton.
Godrej 63 Ton.
Godrej 40 Ton.
Godrej 16 Ton.
Aida 110 Ton.
6 Hydraulic Machine 15 Ton.
2 SEW 35 Ton.
2 SEW 45 Ton.
SEW 63 Ton.

SOME OF OUR ESTEEMED CLIENTS AS FOLLOWS:
Jagdish Electronics (I) Pvt. Ltd.
Chedda Electricals and Electronics Pvt. Ltd.
Permanent Magnets Ltd.
Danaher Industrial Controls U.S.A.
Portecape India Pvt. Ltd.
Raychem RPG Pvt. Ltd.
Continental Controls .Ltd
Dhelrin (I) Pvt. Ltd.
Shree Krishna Controls Pvt. Ltd.
Prospect Engineering Works.
Rotex Manufacturing Pvt. Ltd.

High precise tool equipped with all Misumi accessories & carbide inserts.
Auto Electrical Stamping (Auto Stack - Step Stamping)

Stamping for Energy Meter (Smallest Auto Stack)

Electrical Motor Stamping (Auto stack stamping with skew)

Total Assembly of Stacks for Danahner Sensors & Controls, USA.

Aluminium Flip off Caps, 13mm & 20mm & other sizes as per clients requirements

Progressive Strip Layout.

Brackets for Automotive Industry (with Flaring)

Auto Electrical Stamping with 0.8mm round locks

Progressive Strip Layout.
WHY HI-TECH TOOLS INDIA IS BEST FROM THE REST:

- We are capable of making High Precision Tools that gives maximum output.
- We also make High Precise Carbide Tools with the help of our Swiss Made Machines (Agie Charmillies).
- To meet International standards, we use all Misumi Accessories in our Die-tools.

The Impossible only takes a little longer...
